Lab Adventure Bonanza Spokane Map:

Tips and Tricks:

Some of the LABS will have associated bonus caches. Look for clues in the location completion messages! (The bonus caches are completely optional and are not required to complete the LABS.)

When you finish the 5th location of a LABS you will be presented with a congratulations screen instead of the location completion screen. It is fun and festive screen so be sure to admire it and your accomplishment. You will need to tap the View 5 Journal Entries link on the front page of the LABS to view the 5th location completion screen.

Space for notes and doodles:
